PROFESSIONAL FAST-ASSEMBLING  
SKIRTING BOARDS

# NOT ONLY INNOVATIVE DESIGN ...

**Forget about silicone**  
Two flexible soft edges conform to wall and floor irregularities, sealing the connection.

**Painting corrections**  
The board installed with mounting clips can be removed with one move. After making corrections just put it back on.

**Reliable durability**  
Master Line® is the expert in durability, that has been tested by many „small masters“.

**Integrated accessories**  
Corners and end stops allows for quick installation of skirting board. The corners and end stops design prevents them from falling out during use.

**Resistant to humidity**  
Natural choice of floor finish, especially in bathrooms or halls.

# CREATED FOR PROFESSIONALS!

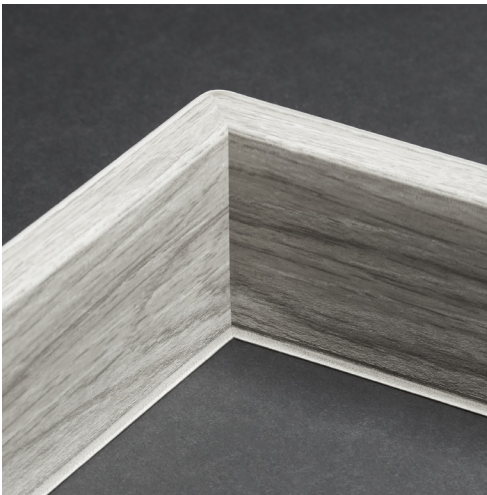

**Big project?**  
Master Line® are a skirting boards with the widest range of applications. Thanks to its features, it is eagerly chosen by architects and contractors.

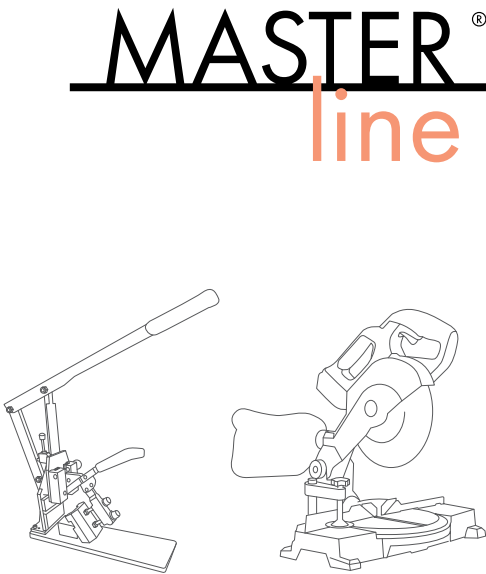

**Fast cutting**  
The skirting boards are prepared for fast cutting with professional tools.

**Corner ready in 5 seconds**  
One cutting on the guillotine is enough to make perfect internal or external angle.

**Assembly on glue**

## 4 WAYS OF ASSEMBLY

### On a clip

Possibility to remove and install the board on the clip at any time.

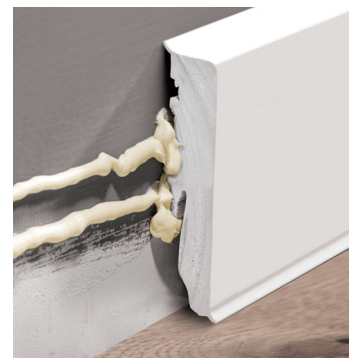

### On a mounting clip with a spacer

Allows to move the board with clip away from the wall by 16 mm.

### On dowels

Dedicated dowels perfectly fit to channels.

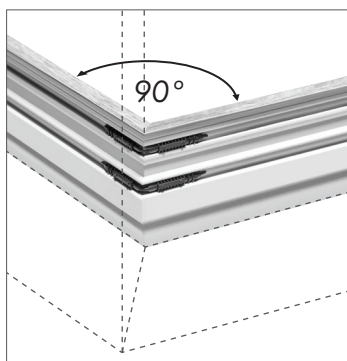

### On glue

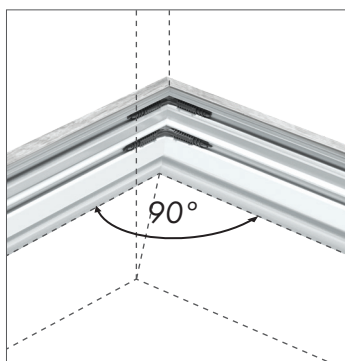

The fastest and traditional way of assembly.

## ONE CONNECTOR - A LOT OF SOLUTIONS

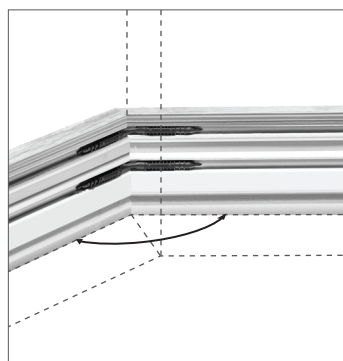

Flexible connectors can be easily inserted into dedicated channels and join two boards.

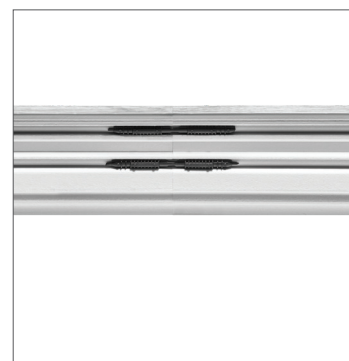

Internal corner

External corner

Connections at any angle
