SOFT LINE®

PRACTICAL FOR EVERYDAY USE

Resistant to humidity

Natural choice of floor finish, especially in bathrooms or halls.

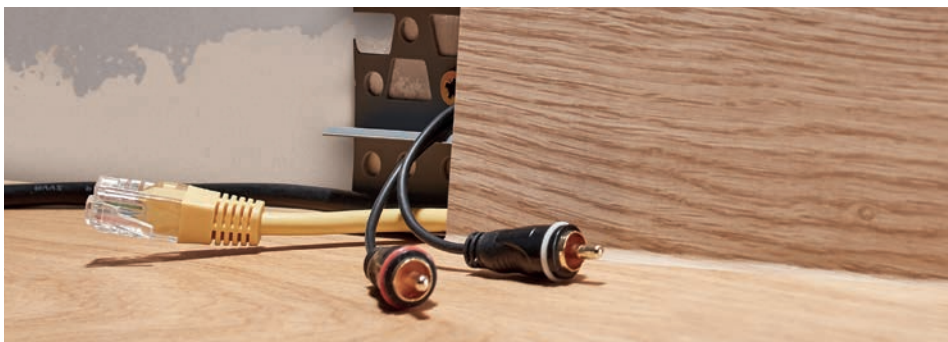

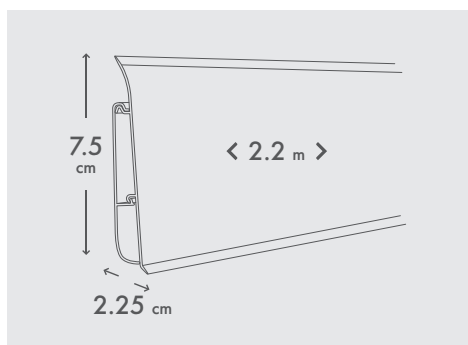

Assembly without silicon

Two flexible soft edges conform to wall and floor irregularities, sealing the connection.

Choice over time

SOFT LINE® is a model of durability that you will appreciate in everyday use.

Cables control

No more cables lying on the floor! SOFT LINE® skirting board can be easily removed and put on again from the base screwed to the wall. A great way to lay your next cable or hide an extension cord. In the case of renovation, it is enough to remove the board from the base to paint the wall again.

SIMPLE AND FAST ASSEMBLY

Easy cutting

The simplest small teeth saw is enough to easily cut the skirting board to the size.

Assembly on screws

Assembly on glue
